

Every day from 2010.06.17 at 15:00 UTC to 16:00 UTC the Kaunas University of Technology Radio Club (KTU RC) has the honor to invite testers to take part in HF training for the kids mini-contest.

Frequency range: 3600-3650 kHz;

Mode: SSB

At this time (during summer program) the KTU RC has 4 kids who are able to work with transceivers (they had 1 week training + took part in international HF competition "Lithuanian CUP – 2010").

The callsigns for the kids will be: **LY2WJ, LY3BA, LY3BB, LY3ZM** (*THANK YOU* for the testers who gave a permission to use a callsigns).

### **The rules:**

- 1) 4 kids X 15min each;
- 2) One callsign at one time. It means that one kid is working 15 minutes, then another kid is working 15 min, then another, then another.
- 3) A. 15:00 – 15:10 UTC – Search&Punch (S&P). It means that the kid is searching for the stations and answering to them in the frequency range 3600-3640 kHz. (*Each participant is allowed to make a contest-QSO with another participants*)  
B. 15:10 – 15:15 UTC – CQ. It means that the kid is calling CQ (somewhere in the range 3640-3650 kHz) and answering to the stations.  
C. 15:15 – 15:25 UTC – S&P (2<sup>nd</sup> kid). The range is the same as above.  
D. 15:25 – 15:30 UTC – CQ (2<sup>nd</sup> kid). The range is the same as above.  
E. 15:30 – 15:40 UTC – S&P (3<sup>rd</sup> kid).  
F. 15:40 – 15:45 UTC – CQ (3<sup>rd</sup> kid).  
G. 15:45 – 15:55 UTC – S&P (4<sup>th</sup> kid).  
H. 15:55 – 16:00 UTC – CQ (4<sup>th</sup> kid).
- 4) Exchange: RS(T) + serial number of QSO.
- 5) The kids logs will be placed in the [www.lrsf.lt/en](http://www.lrsf.lt/en) web-site. Do not hesitate to look there. Maybe you will find your callsign.
- 6) The logs of other participants **DO NOT NEED** to send for us because it is just a training for the kids.
- 7) 20 minutes before the mini-contest, the main organizer – Rolandas Zakelis LY3ZM (me) will be on-air in the range 3640-3650 kHz. I will explain for those who do not have internet about this mini-contest. 10 minutes after the mini-contest in the range 3640-3650 kHz I will say THANK YOU for those who participated here.

### **IN-SHORT: THE KIDS WILL WORK AS:**

15:00 – 15:10 – S&P (1<sup>st</sup> kid); 3600-3640 kHz  
15:10 – 15:15 – CQ (1<sup>st</sup> kid); 3640-3650 kHz  
15:15 – 15:25 – S&P (2<sup>nd</sup> kid); 3600-3640 kHz  
15:25 – 15:30 – CQ (2<sup>nd</sup> kid); 3640-3650 kHz  
15:30 – 15:40 – S&P (3<sup>rd</sup> kid); 3600-3640 kHz  
15:40 – 15:45 – CQ (3<sup>rd</sup> kid); 3640-3650 kHz  
15:45 – 15:55 – S&P (4<sup>th</sup> kid); 3600-3640 kHz  
15:55 – 16:00 – CQ (4<sup>th</sup> kid); 3640-3650 kHz
